Come and join us on Wednesday and don't forget to register for door prizes. (TA-C2)

NUTRITION TIP OF THE WEEK—FROM THE KSC FITNESS CENTERS: Wraps are the latest and greatest alternative to traditional fast food. They can offer a variety of new and interesting ethnic flavors to any dull diet. However, don't be misguided into thinking that all wraps are nutritious. Some wraps can have as many fat grams and calories as a greasy hamburger and fries. When choosing a wrap, be sure to choose nutritiously. Wraps with lots of vegetables, rice, grilled chicken, or other lean meats are excellent choices. However, avoid those with fried fillings and lots of cheese. Also, beware of wraps that are dripping with sauces or oil, which can quickly increase the caloric amount of your meal. (TA-C2)

FLAGS AT HALF STAFF: The flags of the United States flew at half staff at the Kennedy Space Center on November 17 in honor of Mr. Anthony T. Nero, a Work Control Scheduler for Space Gateway Services. Mr. Nero died on November 15 and his funeral was on November 17. (TA-E2)

LEAVE TRANSFER RECIPIENTS: IN NEED OF YOUR HELP: By now you know whether or not you will be able to utilize your annual leave available - particularly the use/lose category. We have many employees currently facing LWOP during what is supposed to be the most "friendly, giving" time of the year - won't you help! While we know you can't provide everything they need, you may be able to ensure that they are able to celebrate the holidays at least knowing that their mortgage will be paid, or maybe the electric. Perhaps, with our contributions, they'll even have a "few bucks" to get that special gift for their loved one or be able to afford that Holiday Dinner - even if they can't cook or eat it themselves! Some of them are in that situation right now! If you'd like to help and don't know who to help or how to help, please call or e-mail their respective Admin Officers. While Human Resources is not allowed to release private information perhaps they have been granted permission by the employee to speak on their behalf. We, as Human Resources, may only provide you the guidance and assistance allowable by law to assist you in making your decision. Keep in mind, if employees have chosen to release private information to their Admin Officers, they are allowed to release such data. Members of the program are, in alphabetical order: Diane Bent; Lloyd W. Chamberlain, III; William B. Christopher (Boyd); Nicole DelVesco; Sheila Frowiss; Cheryl Greene; Tammy Hager; Joyce Hedrick; Eric Martin; Heriberto Soto Cora; and Nancy Zeitlin. Remember - most importantly - you can not donate leave for the same period of time in which you will be using leave! And, you can't donate more than you would be able to use prior to the year end. (BA-B)

EMPLOYEE ASSISTANCE PROGRAM: All employees are reminded that the Employee Assistance Program offers free, confidential counseling to all Kennedy Space Center and Cape Canaveral Air Force Station employees. OIG: The Office of the Inspector General is the focal point within NASA for conducting audits and investigations to promote economy and efficiency and to prevent and detect fraud and abuse in NASA programs and operations. The OIG receives and investigates complaints or information about inefficiencies, mismanagement, or gross waste of funds; possible violations of law, rules, or regulations by NASA employees, contractors, or others; or substantial and specific danger to the public health and safety. The Inspector General will not disclose the identity of a person who provides such information without that person's permission, unless the Inspector General determines that disclosure is unavoidable during the course of investigation. NASA employees are protected by law from reprisal for making complaints or disclosing information to the Inspector General. At Kennedy Space Center, call: 867-4714, or call toll free: 1-800-424-9183, 24-hour answering service, or write: NASA Inspector General, P.O. Box 23089, L'Enfant Plaza Station, Washington, DC 20024. The Library will not process and submit invoices for payment for materials personally ordered by employees directly from publishers or vendors. (TA-E1)

INSPECTOR GENERAL: The Office of Criminal Investigations (OCI) is the investigative arm of the NASA Inspector General (IG). The OCI is an independent entity and reports directly to Roberta Gross, the NASA IG, in Washington D.C. The primary mission of this component is to conduct criminal and civil investigations of reported or suspected fraudulent acts by employees, contractors, and others relating to the administration of NASA contracts and programs. Although emphasis is placed on major procurement fraud, (particularly allegations of defective/substandard parts, mischarging, kickbacks, bid rigging, and research fraud), investigations are also conducted of theft, conflict of interest, environmental and hazardous waste violations, health care fraud, and computer related crimes. OCI also provides fraud briefings for Government and contractor employees that are designed to highlight potential risks concerning fraud and related matters. Suspected violations can be reported by calling 867-4714 locally, the toll free Hotline at 1-800-424-9183, or by writing NASA Inspector General, P. O. Box 23089, L'Enfant Plaza Station, Washington, D.C. 20024. The OIG Cyber-Hotline can be accessed at **www.hq.nasa.gov/office/oig/hq**. (OIG)

An informative Equal Employment Opportunity Program poster with counselors' identities and further complaint information is on all KSC Official Bulletin Boards. EEO Counselors are trained to inform you of your rights, answer your questions, and can do limited fact finding into your allegations. Counseling is a confidential process, and only the employee can authorize a counselor to discuss his or her issues with another party. For further information, contact the KSC EO Office at 867-9165.
